Product Description:

Coach Wax is the ultimate carnauba wax. It is made from the finest Brazilian carnauba wax (grade #1), polymers and mild cleaners.

You might assume that this is an old school paste wax. You would be wrong. Coach wax provides the lustre, depth and shine of old school paste wax, but it is easy to use. No rubbing or buffing is required.

It also contains the latest nano-polymers which fill the tiny crevices of the paint and attach. This gives added depth, smoothness and durability.

Coach wax can be used by hand or with an orbital polisher. It spreads easily and it dries quickly.

This is the perfect final step for any detail job.

Another benefit is that it is the perfect product for use in hot, humid weather. Many polishes will become smeary when the weather gets hot and humid. Not the case with Coach Wax. Even in the worst hot humid weather, Coach Wax applies evenly, dries quickly and wipes off without smearing.

Advantages:

- ◆ Easy on, Easy off formula
- ◆ Contains long-lasting nano polymers
- ◆ Low VOC formula
- ◆ High shine, depth and protection
- ◆ No caking or sticky residue.
- ◆ No HAP's
- ◆ No Dust

Part Numbers:

- ◆ 16 oz. can # 22-150

Directions:

1. Surface should be clean and cool to the touch.
2. Apply using an applicator pad or orbital polisher.
3. Apply a very thin layer of product to the vehicle paint
4. Allow product to dry to a haze.
5. Remove haze with a microfiber towel.
6. Polymers will take 24 hours to fully cure. Do not wash vehicle or allow vehicle to get wet during the first 24 hour period.
